

HTML – Hyper Text Markup Language - hipertekstowy język znaczników

Fragment kodu – struktury języka html

The screenshot shows the Visual Studio Code interface with the 'index.html' file open. The Explorer sidebar on the left shows the file structure under the folder 'STRONA_INTERNETOWA'. The main editor area displays the HTML code with line numbers 1 through 19. The code defines a basic HTML document with a title and a table.

```
1 <!DOCTYPE html>
2 <html lang="pl">
3 <head>
4   <title> Moja pierwsza strona</title>
5 </head>
6
7 <body>
8
9   <table border="solid">
10     <th>pierwsza</th>
11     <th>druga</th>
12     <tr>
13       <td>123</td>
14       <td>456</td>
15     </tr>
16   </table>
17
18 </body>
19
```
